REPORT TEMPLATE FOR RESPONSIBLE FATHERHOOD PROGRAMS

OMB Control No.: 0970-0566

Expiration Date: 03/31/2027

Information from the semi-annual Administration for Children and Families (ACF) performance progress report (PPR) will be used by the Office of Family Assistance (OFA) to meet grants management requirements and by grantees themselves to self-monitor progress and challenges (continuous quality improvement (CQI)). Semi-annual progress reports are due within 30 days of the end of each 6-month reporting period, which are:

- Reporting Period 1: September 30 – March 31; Report Due: April 30
- Reporting Period 2: September 30 – September 29; Report Due: October 30

The PPR consists of the following four parts, with both qualitative and quantitative descriptions of program performance:

Part 1: SF-PPR ACF Performance Progress Report

Found at:

<http://web.archive.org/web/20221217014746/https://www.acf.hhs.gov/grants/discretionary-post-award-requirements>

Part 2: Appendix B – Qualitative (narrative) description of program indicators:

- B-01 Performance Narrative
- B-02 Major Activities and Accomplishments
- B-03 Problems
- B-04 Significant Findings and Events
- B-05 Dissemination Activities
- B-06 Other Activities
- B-07 Activities Planned for the Next Reporting Period
- B-08 Selected Participant Outcomes

Part 3: Appendix C – Quantitative (numeric) performance measures:

- C-01 Recruitment
- C-02 Applicant Characteristics
- C-03 Program Enrollment
- C-04 Program Participation
- C-05 Quality Assurance and Monitoring (Continuous Quality Improvement)
- C-06 Referrals
- C-07 Implementation Challenges
- C-08 Marketing
- C-09 Participant Outcomes
 - 9.1 Community Individuals and Couples
 - 9.2 Incarcerated Individuals

Part 4: Federal Financial Report (FFR) SF-425

Found at:

Please address each reporting area. Once you complete the PPR packet, upload it, along with the ACF-OGM-SF-PPR Cover Page, as a Grant Note in GrantSolutions. Please contact your OFA Federal Program Specialist for additional guidance.

PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this information collection is to support program performance monitoring and program improvement activities for Healthy Marriage and Responsible Fatherhood programs. Public reporting burden for this collection of information is estimated to average 3 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This collection of information is required to retain a benefit (SEC. 403. [42 U.S.C. 603]). The answers you give will be kept private. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0566 and the expiration date is 3/31/2027. If you have any comments on this collection of information, please contact Hannah McInerney at nform2helpdesk@mathematica-mpr.com.

2.a Attendance at workshops

The table(s) in this section reports participation only for session series that are completed.

nFORM generates a table that reports on participation for each workshop offered by the grantee. The primary population served, workshop name, workshop activities, workshop elements, and workshop type automatically fill from what grantees enter in nFORM.

Example of nFORM-Generated Table on Participation:

Primary Population Served: Workshop Name: Workshop Activities: Workshop Elements: Workshop Type:	Community individuals	
	#	%^a
Workshop Retention		
Did not attend any workshop session series hours		
Attended 1 to 24% of all workshop session series hours		
Attended 25 to 49% of all workshop session series hours		
Attended 50 to 74% of all workshop session series hours		
Attended 75 to 89% of all workshop session series hours		
Attended 90 to 99% of all workshop session series hours		
Attended 100% or more of all workshop session series hours		

^a Denominator is all clients/couples enrolled during reporting period who are registered for/or attended the named workshop.

Benchmarks for participation in primary workshops (BP)								
Initial attendees: Attended at least one primary workshop session								
Halfway attendees: Attended at least 50% of primary workshop hours								
Completed clients: Attended at least 90% of primary workshop hours								
Fully finished clients: Attended at least 100% of primary workshop hours								

NOTE: Table 2 includes clients/couples enrolled from start of grant year 1 through reporting period end date who have achieved at least one benchmark during the selected reporting period; only clients in populations with participation benchmark targets in the selected reporting period are included. Enrollment numbers for the current grant year may be found in [QPR or PPR] Section [B-01 or C-03]. For other grant years, refer to past QPRs/PPRs or the enrollment tab of the query tool.

Table 2 Columns:

Column (BP) lists the benchmarks for client participation in primary workshops for which ACF requires grantees to set annual targets and measure progress towards those targets. The grantee's current grant year targets for each benchmark are presented in column (TGT). Progress towards the targets is measured based on client participation in the grant year in both completed and ongoing workshop session series, where session attendance has been fully recorded.

Columns GY1 to GY5 include the count of clients enrolled in each grant year who achieved the respective benchmark for participation in the current grant year. Columns are only shown for the current and prior grant years. For participation among those enrolled in the current grant year, the rows are measured cumulatively such that those who attended at least 100% are included in the "attended at least one" row as well.

Column (TC) is the total count of clients who achieved each benchmark in the grant year, whether the clients were enrolled in the current or prior grant years (sum of all GY columns).

Column (TGT) is the grantee-established target for the number of clients who will achieve each participation benchmark during the grant year, regardless of when they enrolled.

Column (PCT) is the percent of the target met for each participation benchmark.

Section 2b. tables 1 and 2 (including footnotes) repeat for each applicable population.
